

High School Lessons: Truth Trek One - Errata

We strive for accuracy in our books, but unfortunately, accidental errors or additions are sometimes needed. We very much appreciate families who report errata so that we can include those corrections within this document and make corrections to our guides!
Please send new errata to support@halfahundredacrewood.com.

Last revised: August 29, 2023

Page Number	Correction
4	After "Math U See Algebra I Legacy Edition," add "(brown cover)"
4	After "Exploring Government," add "Textbooks & Student Review"
7	Add to the bottom of the page: "Students may also count a Driver's Education course as a one-semester elective credit. Check this with your state education standards."
10	Under "Notes regarding Discovering Design with Biology," add "In the introduction to the Answer Key & Tests book, Jay Wile recommends completing experiments before they are covered in the text if you are participating in a private school or co-op. However, for co-ops or tutorials, our recommendation is to complete the experiments after they are covered in the lesson plans so that 1) parents/instructors are more familiar with the material, and 2) students are familiar with the background information necessary for understanding the purpose of the experiment."
11	Under "Getting Started Checklist," add "Download the Health Solutions Manual from the Apologia website (refer to p. 14 in your textbook)."
16	Under "Science - Discovering Design with Biology." Replace "Check out the course website referred to on p. v." with "Check out the course website referred to on p. v and register on the website www.askdrwile.com . The course website includes helpful videos and resources to assist with this course, and www.askdrwile.com provides a place for students to ask questions as they work through the text. Also read the introduction (iv-vi) in the Answer Key & Tests book which offers a suggested method of grading for this course."
16	Under "Health - Exploring Creation with Health And Nutrition." Replace "Check out the course website referred to on p. 14. Because this is a one-semester course, not all projects will be assigned. The lesson plans in this guide will indicate which projects are optional." with "Check out the course website referred to on p. 14 and download the Solutions Manual. Because this is a one-semester course, not all projects will be assigned. Do not follow the lesson plans in the <i>Exploring Creation with Health and Nutrition</i> Student Notebook. The lesson plans in this Truth Trek guide will indicate which projects are optional."
42	Under "Co-op or Parent Meeting Day," add "Decide on whether your student will read <i>The Scarlet Letter</i> . Please note that this book deals with the subject of adultery. It presents a form of "Christianity" without Christ and changed society's views regarding the Puritans. Although it is an important literary work, we only recommend reading it with parental guidance, identifying how it misrepresents the Christian faith and the Puritans. (More historical context for the Puritans is provided via Dave Raymond's American History.)"

High School Lessons: Truth Trek One - Errata

Page Number	Correction
53	Under “Science - Discovering Design with Biology” Day 1. Replace “Answer questions 1-10” with “Answer questions 11-22.”

The above corrections or additions have been made to the PDF version of our High School Lesson Truth Trek One Teacher’s Guide. If you need a download link re-sent, please contact us at support@halfahundredacrewood.com
